Farmers are important people.
They grow most of the food we eat.

There are many kinds of farms. Wheat
grows on this farm. Wheat is used

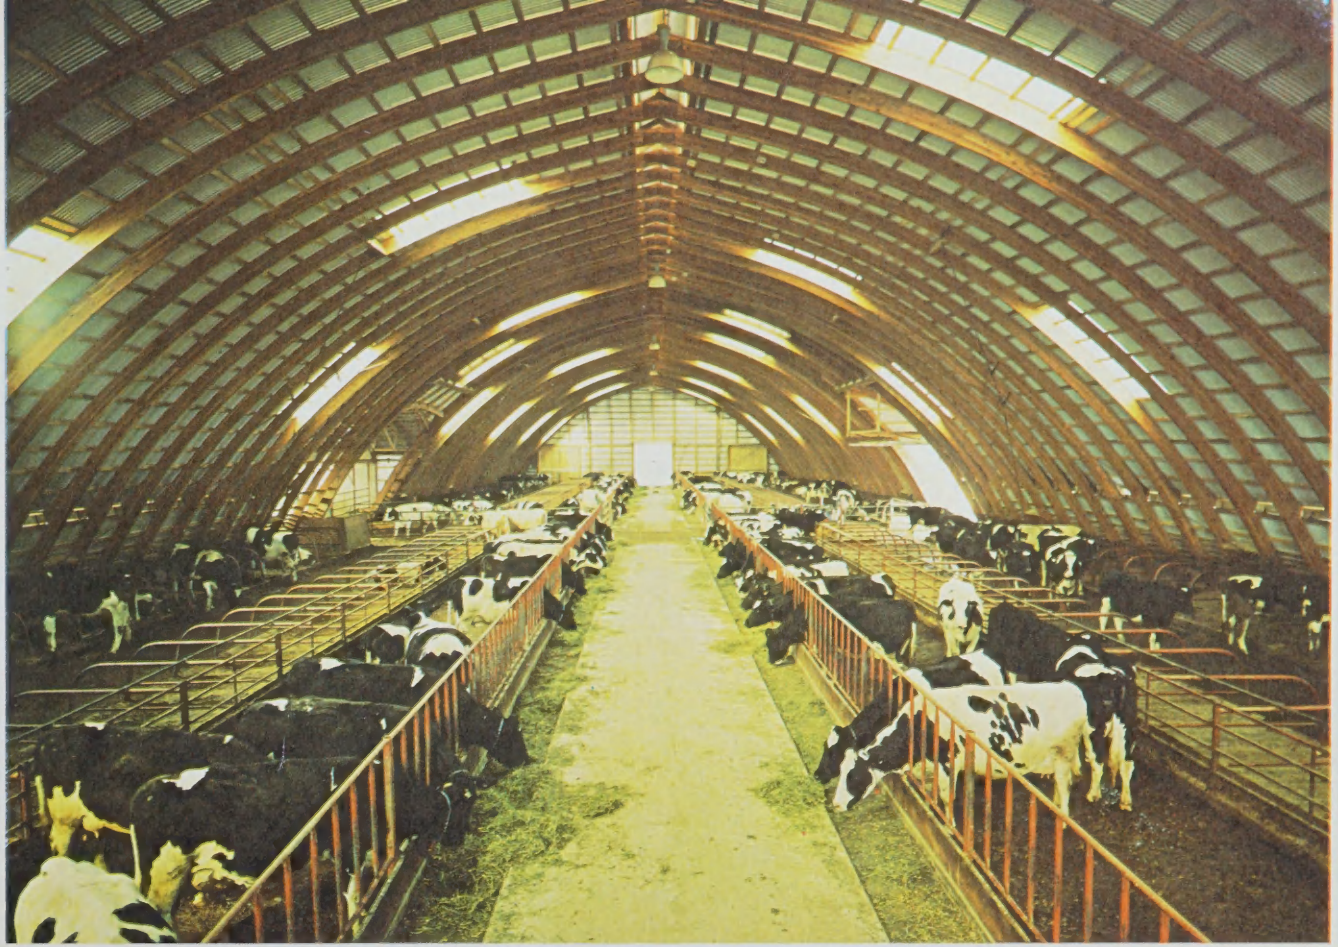
and other good things.



Milk, butter, and cheese come
from dairy farms.

A ranch is a kind of farm
where cattle and sheep are raised.

Chickens, ducks, and turkeys
are raised on poultry farms.

Fruit grows on other farms. Everyone has a favorite fruit. What is yours?

The weather can be a friend
or an enemy to the farmer.

Water is needed to grow crops.
Sometimes nature needs
a helping hand.

Life on a farm begins early.
Farmers are at work before most people
are awake.

Many people help the farmer.
This scientist is testing the soil.

There are special schools
where people learn about farming.

Farm products are sent to the cities
by trucks, trains, and airplanes.
